Miscellaneous

The backs of the doors/drawerheads are not finished/sanded as well in our Stonebridge line (e.g. we do not fill pin-holes or hand sand). We will not do a true Flush Finished side in Stonebridge framed cabinetry although all of our finished ends are "flush" with the faceframe. There is a seam where the facing meets the side.

Our custom line is truly a custom line. We can manufacture cabinetry in any wood species or finish. Just because you don't see it in our catalog doesn't mean we can't do it. Always ask and we can provide you with a quote and drawing.
